

I am Dan Bond, my family has been a part of the Poudre Canyon since around 1894 when my great-grandfather Christian Rugh acquired Idlewilde. Also, in the 1930's my great uncle Blair Rugh owned the U bar U ranch. I have personally been part of this canyon since I was born in 1961. Having grown up here it has always held a special place in my heart. 2 years ago, I decided to move back up here full time and I'm currently living my lifelong dream of being a full-time resident of the Canyon again. I have been an EMT and firefighter for over 20 years and served as Chief of a volunteer fire department in Laramie County Wyoming. With my past knowledge and experience I feel honored to be able to serve as a volunteer on the Poudre Canyon fire department. Now I feel with my dedication and longtime canyon history I would be a good asset to the Fire Department Board.
