

Roger "Paul" McGraw

As Ft. Collins natives, my beautiful wife of 54 years & I were blessed to move to the upper canyon 6 years ago. Prior to moving we have always enjoyed the canyon: camping, hiking, jeeping, picnicking, watching the wildlife and the aspen turn in the autumn. We are blessed to be a part of an incredible community of people that have quickly become very dear to us! Being able to offer help, and support in times of emergencies as a volunteer for PCFPD has been, and is, something I enjoy. I am running to be a member of the PCFPD board to provide some fresh perspectives, new ideas and fresh energies to the fire board. These fresh energies and ideas will bring about affirmative change and positive growth for the fire protection district. I have over forty years of experience working with various boards and organizations that have afforded me a lot of positive experience and capabilities that will help enable me to best help the district. I am a strong communicator, committed to excellence, leading others and a heart for helping other people.
